Qualified Person's Statement

The technical and scientific information contained in this Presentation has been compiled, reviewed and verified by Mr Brad George, BSc Hons (Geology and Geophysics), MBA, Member of the Australian Institute of Geoscientists (MAIG), Chief Executive Officer of Orosur Mining Inc. Mr George is a "qualified person" as that term is defined in National Instrument 43-101 — *Standards of Disclosure for Mineral Projects* ("NI 43-101").

For further details regarding any of the Company's projects, please refer to the technical reports available on the Company's profile on SEDAR+ at www.sedarplus.ca or on the Company's website.

This document and any information contained herein (together, the "**Presentation**") is strictly private and confidential and is being provided to you solely in connection with a potential fundraising by Orosur Mining Inc. (the "**Company**"). By receiving this Presentation, you agree to be bound by the following conditions. This Presentation must not be copied, reproduced, distributed, passed on or disclosed (in whole or in part) to any other person at any time without the prior written consent of the Company. If you are not the intended recipient of this Presentation, please return it to the Company immediately and destroy any copies. Your acceptance of this Presentation constitutes your agreement to comply with these restrictions. This Presentation has been issued by the Company. It does not constitute or form part of any offer or invitation to sell or issue, or any solicitation of any offer to purchase or subscribe for, any securities of the Company, nor shall any part of it, nor the fact of its distribution, form part of or be relied on in connection with any contract or investment decision relating thereto. This Presentation does not constitute a recommendation regarding the securities of the Company, nor does it constitute investment, legal, regulatory, tax or accounting advice. Recipients should seek their own independent legal, financial, regulatory and tax advice before making any investment decision. No broker, dealer, financial institution or other person has been authorised to give any information or make any representations other than those contained in this Presentation in connection with any potential transaction, and, if given or made, such information or representations must not be relied upon. This Presentation is being supplied to recipients solely for information purposes. The information in this Presentation has been provided by the Company or obtained from publicly available sources. No representation or warranty, express or implied, is given by or on behalf of the Company or any of the Company's directors, officers or employees or any other person as to the accuracy, completeness or fairness of the information or opinions contained in this Presentation. No liability whatsoever is accepted by the Company, its members, directors, officers or employees, nor any other person, for any loss howsoever arising, directly or indirectly, from any use of such information or opinions or otherwise arising in connection therewith. Nothing in this Presentation or in the documents referred to in it should be considered as a profit forecast. Past performance of the Company or its shares cannot be relied on as a guide to future performance. Recipients are encouraged to conduct their own independent investigation and analysis of the Company and its securities and should not rely solely on the information contained in this Presentation.

The information contained in this Presentation may constitute inside information for the purposes of the UK Market Abuse Regulation (Regulation (EU) 596/2014 as it forms part of retained EU law as defined in the European Union (Withdrawal) Act 2018) ("**UK MAR**") and/or equivalent legislation in other jurisdictions, including applicable Canadian securities legislation. By receiving this Presentation, you acknowledge that you may be in possession of inside information and that, accordingly, you may be subject to restrictions on dealing in the Company's securities (including shares, depositary interests or other related instruments) until such time as that information is made generally available to the public. You are solely responsible for ensuring that any dealing in the Company's securities complies with all applicable laws and regulations, including UK MAR and applicable Canadian securities laws. You acknowledge your obligations under UK MAR (and equivalent applicable legislation) with respect to the maintenance of information barriers and restrictions on the use of inside information within your organisation, and you confirm that appropriate controls will be maintained accordingly. All statements, other than statements of historical fact, contained in this Presentation constitute "forward-looking statements" within the meaning of applicable securities laws. Forward-looking statements include, without limitation, statements regarding exploration plans in Colombia and Argentina, the continuation of the business of the Company on a going concern basis, and other events or conditions that may occur in the future. Such forward-looking statements are based on the Company's expectations, estimates and projections as of the date of this Presentation. There can be no assurance that such forward-looking statements will prove to be accurate.

Forward Looking Statements and Disclosures

This Presentation does not constitute a prospectus, offering memorandum or similar document for the purposes of any applicable laws in any jurisdiction and has not been approved by or filed with any regulatory authority in any jurisdiction. The distribution of this Presentation and any offering of or subscription for securities of the Company may be restricted by law in certain jurisdictions. This Presentation is directed only at persons in jurisdictions where it may lawfully be distributed. Persons into whose possession this Presentation comes must inform themselves about, and observe, any such restrictions. Any failure to comply with such restrictions may constitute a violation of the securities laws of any such jurisdiction.

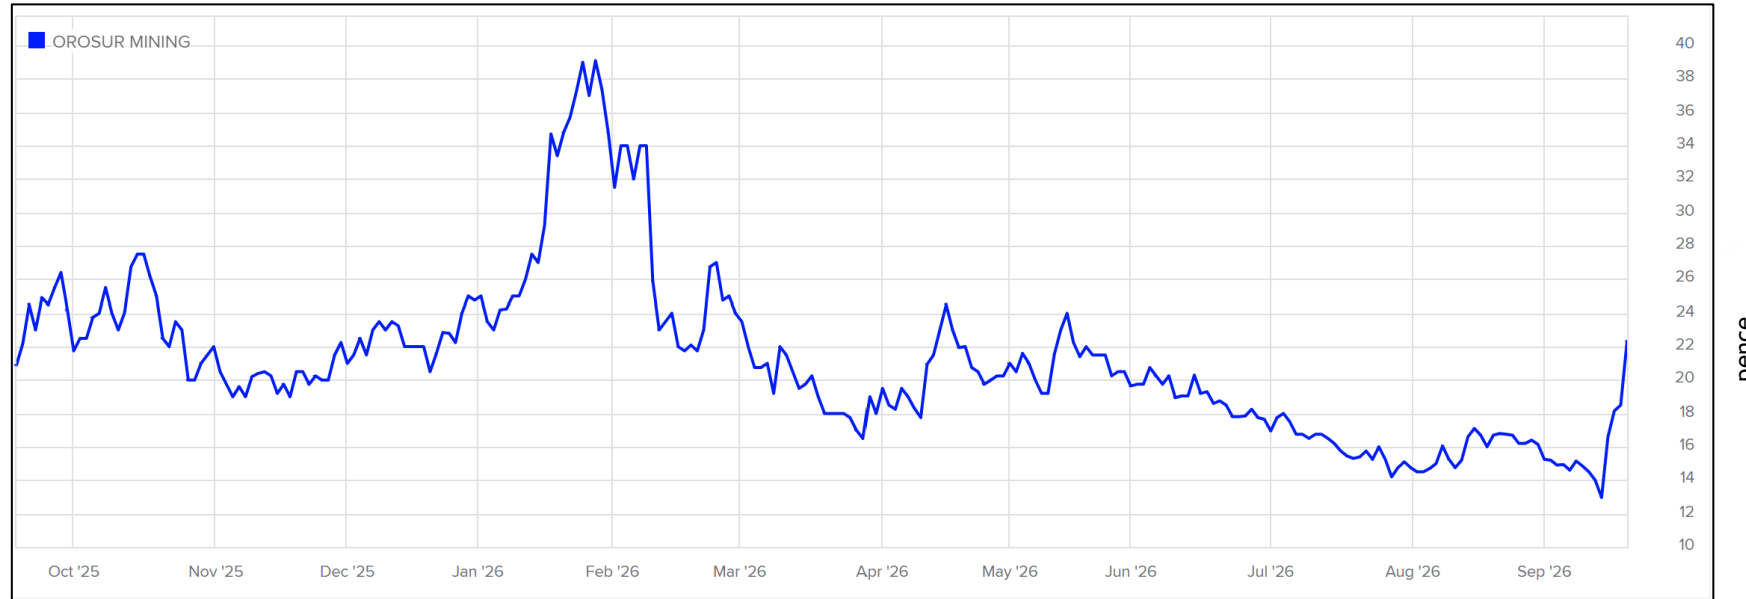

This Presentation is being communicated in the United Kingdom only to persons who are qualified investors, being persons falling within the meaning of paragraph 15 of Part 2 of Schedule 1 of the Public Offers and Admissions to Trading Regulations 2024 ("**POATR**"), and who (i) have professional experience in matters relating to investments who fall within the definition of "investment professionals" in article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the "**Order**"); or (ii) are persons falling within article 49(2)(a) to (d) ("High Net Worth Companies, Unincorporated Associations, etc") of the Order; or (c) persons to whom it may otherwise be lawfully communicated (each such person, a "**Relevant Person**"). This Presentation must not be acted on or relied upon by any person who does not fall within one of these categories. This Presentation has not been approved as a financial promotion by an authorised person for the purposes of section 21 of the Financial Services and Markets Act 2000 ("**FSMA**"). Accordingly, recipients should seek their own independent advice if they are in any doubt as to whether they fall within one of the relevant permitted categories before taking any action in reliance on the contents of this Presentation. This Presentation is being provided to recipients in Canada only in those provinces and territories where it may lawfully be distributed, and in reliance on applicable exemptions from the prospectus requirements of Canadian securities legislation. No securities commission or similar regulatory authority in Canada has reviewed or approved this Presentation or passed on the merits of the securities described herein, and any representation to the contrary is an offence. Prospective investors in Canada should consult their own legal advisers with respect to applicable Canadian securities law requirements. This Presentation does not constitute an offer of securities for sale in the United States. The securities referred to herein have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any state or other jurisdiction of the United States, and may not be offered or sold, directly or indirectly, in the United States or to, or for the account or benefit of, any "US person" (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in compliance with any applicable state securities laws. Any securities offered outside the United States will be made in reliance on Regulation S under the Securities Act. This Presentation does not constitute a prospectus for the purposes of Regulation (EU) 2017/1129 (the "**EU Prospectus Regulation**") and has not been approved by or filed with any competent authority in any member state of the European Economic Area ("**EEA**"). This Presentation is directed only at persons in member states of the EEA who are "qualified investors" within the meaning of Article 2(e) of the EU Prospectus Regulation. The distribution of this Presentation in Australia, Japan, New Zealand, South Africa or any other jurisdiction where it would be unlawful to do so is not permitted. Recipients in such jurisdictions who come into possession of this Presentation should inform themselves about, and observe, the relevant legal and regulatory restrictions applicable in those jurisdictions.

Key Projects

Anzá - Colombia

- 530km² of licenses and applications in Mid-Cauca Belt
- 100% owned.
- Pepas maiden resource completed – NI43-101 report filed.
- APTA prospect in resource drilling phase
- Drilling just commenced on El Cedro porphyry system.

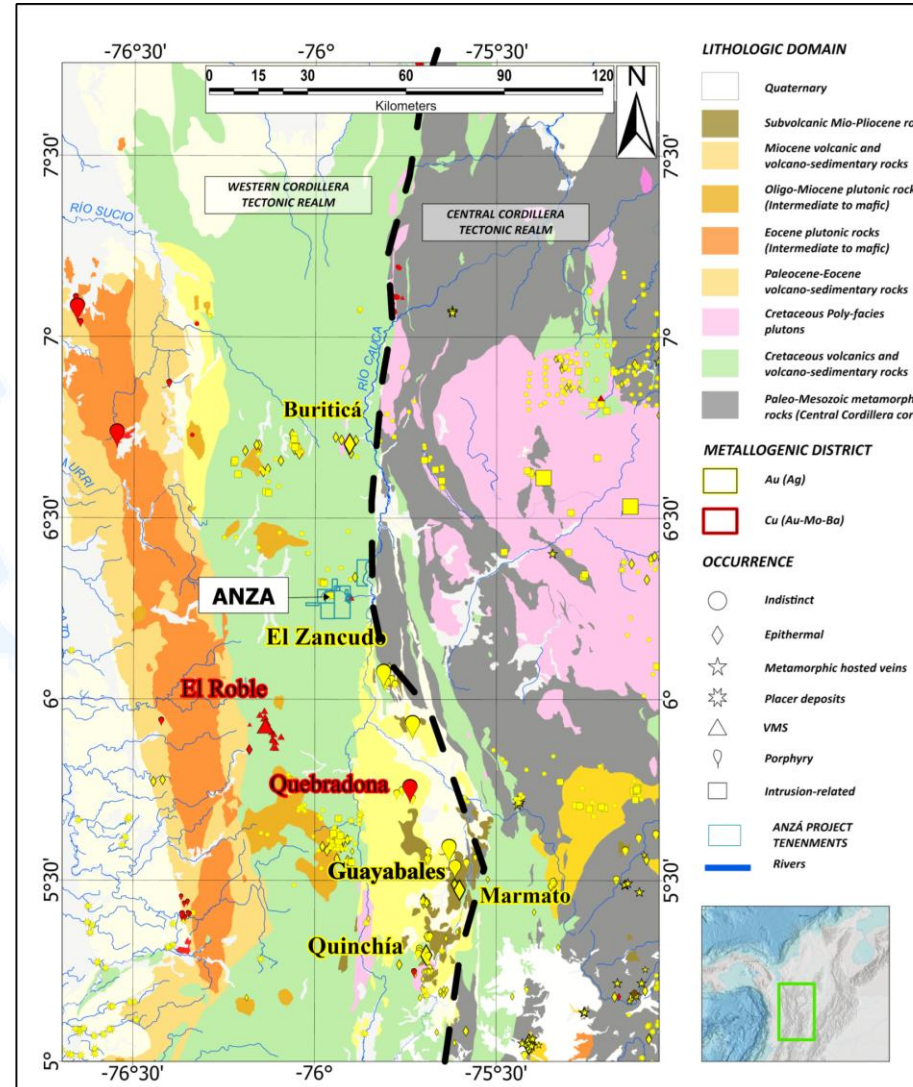

El Pantano – Argentina

- 550km² in Deseado Massif
- 100% owned
- First drilling campaign concluded
- Mineralized system defined
- NI43-101 report filed.

Mid-Cauca – Colombia's elephant country

- Mid-Cauca – Colombia's primary copper/gold belt.
- Close to road network, power, water
- Trend includes giants:
 - Buritica - Zijin
 - Quebradona - Anglo Gold
 - Marmato – Aris
 - Guayabales - Collective
- Porphyry and Epithermal systems
- OMI huge permit holder – 100% ownership

MRE released in February 2026.

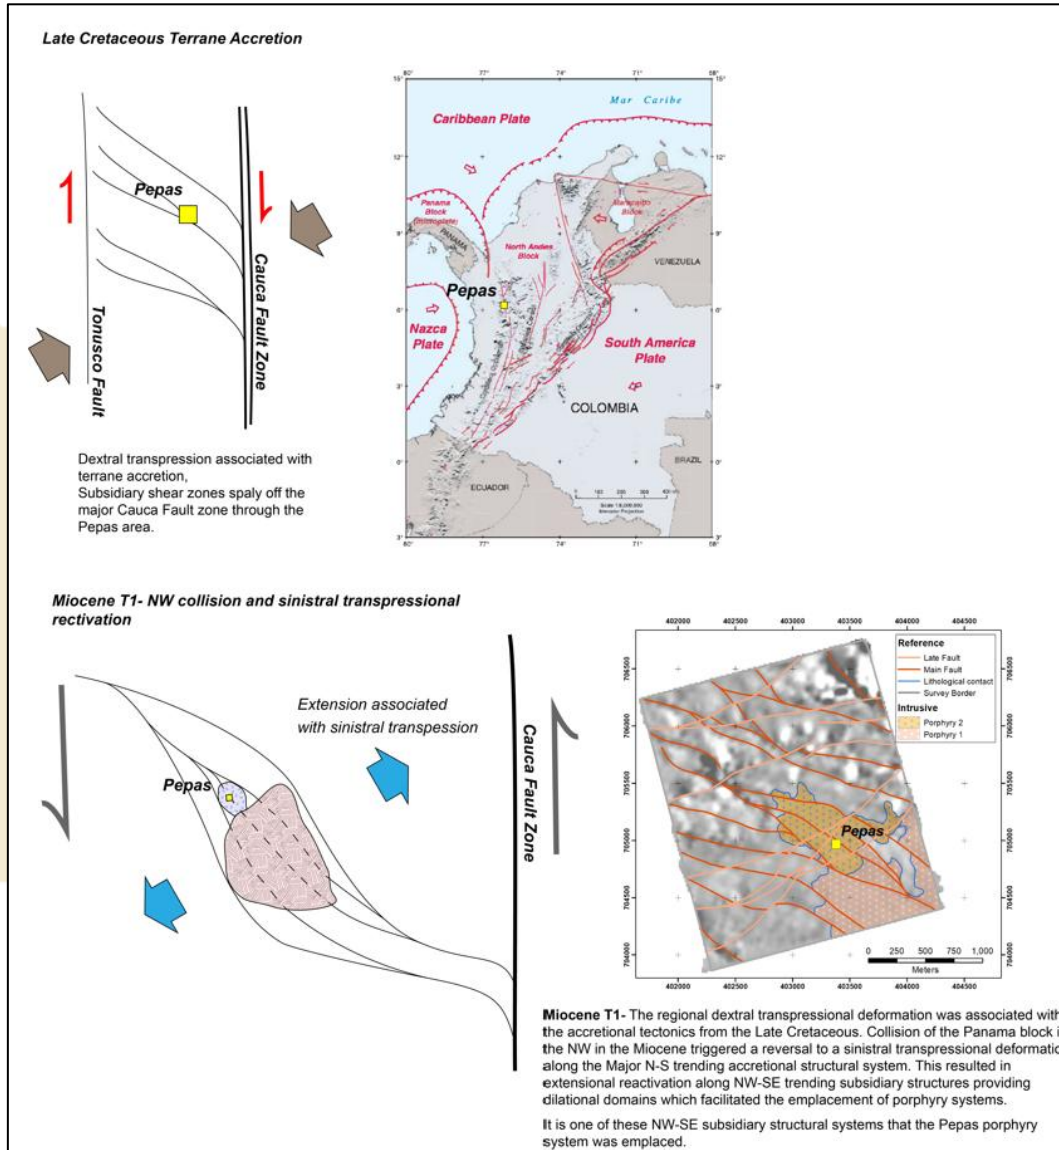

High grade, shallow, low strip, close to highway, power to site – near term production potential

Truncated by post-mineralisation faulting. Small part of a bigger system?

Additional surficial mineralisation being identified at Pepas West.

PTO near completion.

Pepas regional

Miocene reactivation of Cretaceous structures.

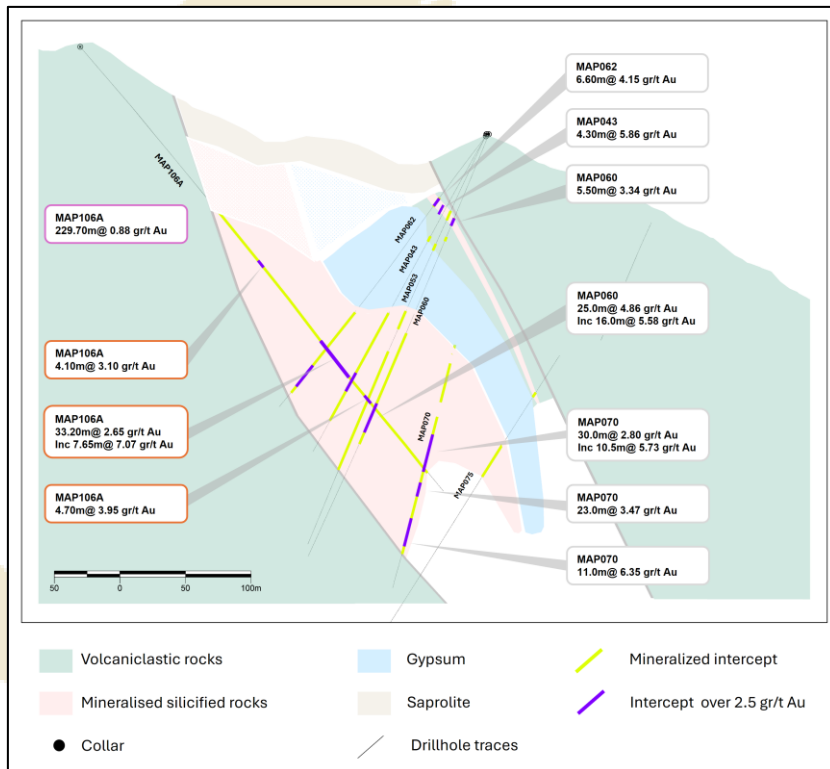

Change from dextral transpression to sinistral extension.

Opened space for emplacement of porphyries.

Multiple repetitions mapped along N-S corridor.

Drilling planned

40,000m of drilling

New geological model developed

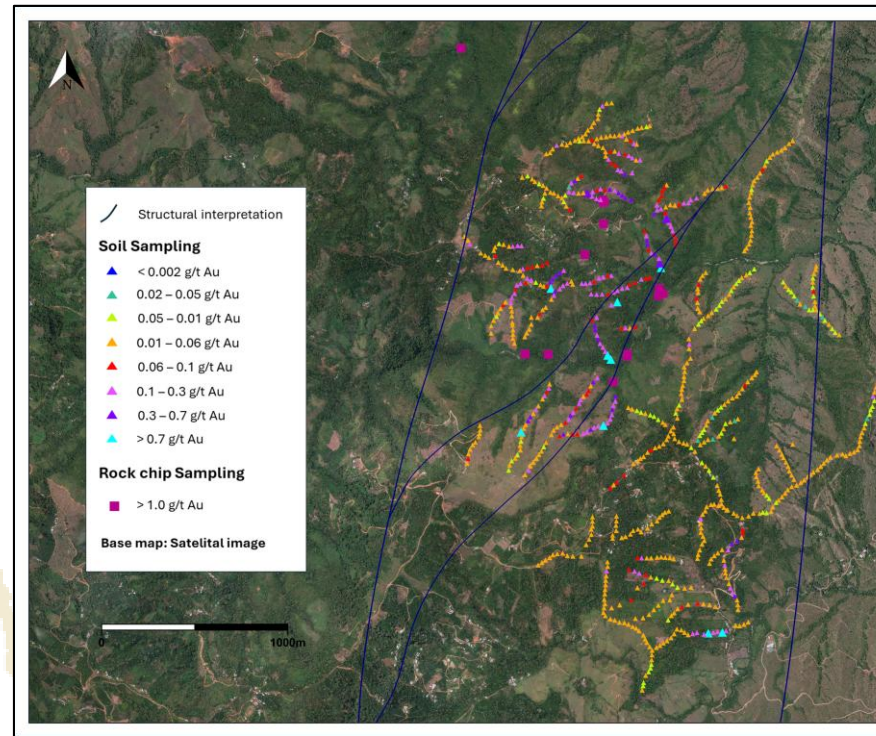

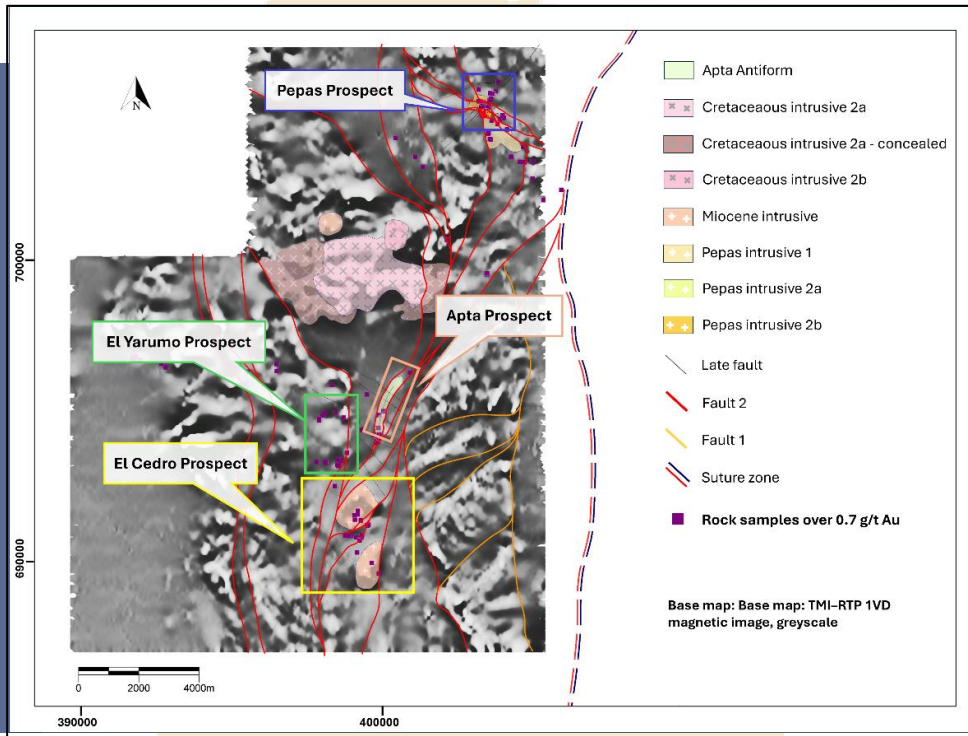

Currently being drilling

Multiple targets

Understand geology

Potential to move to MRE in medium-term

El Cedro Porphyry System

Large gold/copper porphyry system, little historical exploration.

Two adjacent porphyry centres

Recent soil sampling confirms gold anomalies at surface

Rock chips up to 10 g/t Au and 2% Cu
Drilling commenced – initial 3000m planned

El Cedro - extended system

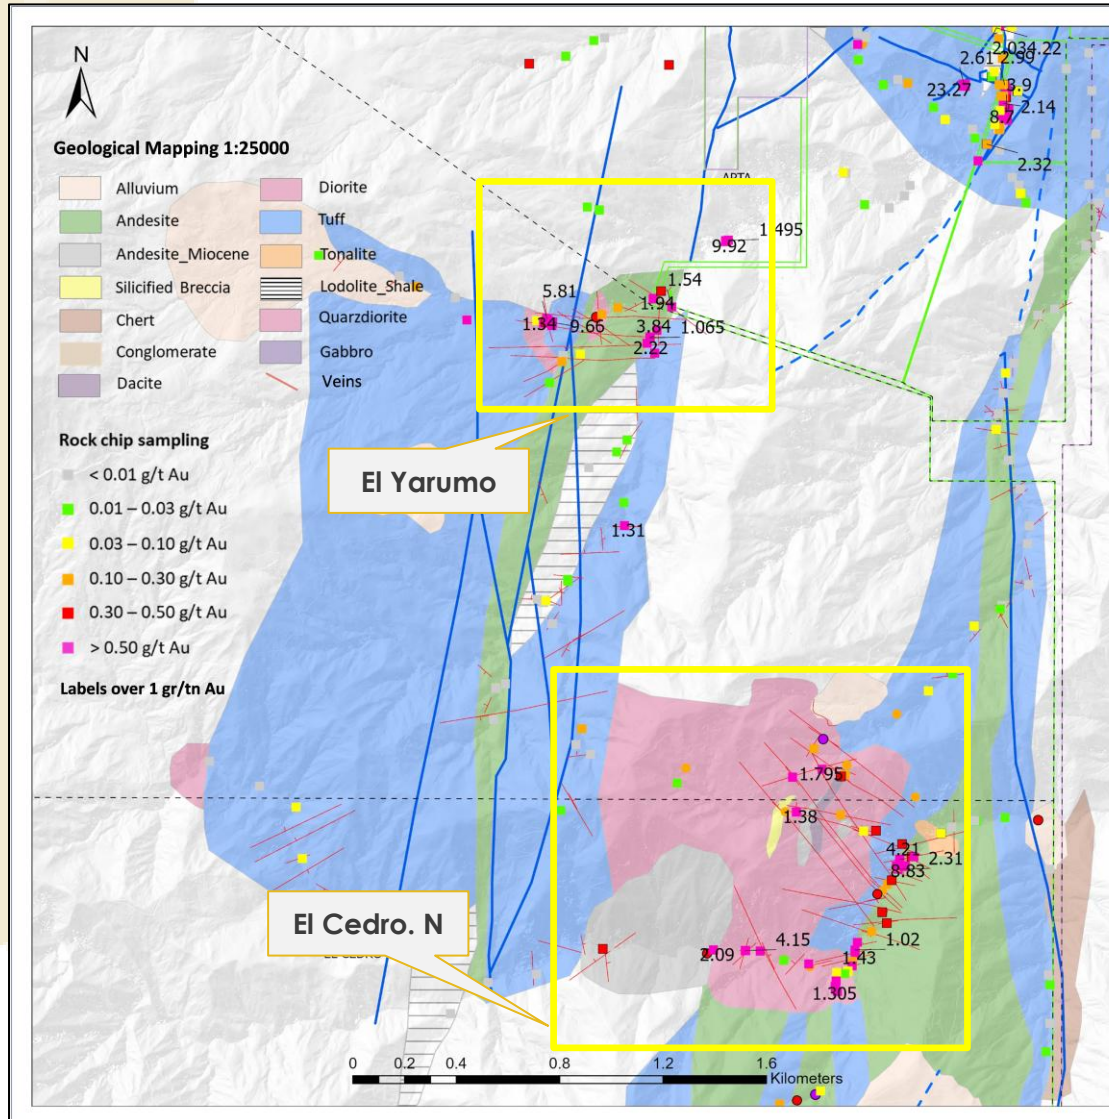

El Cedro system comprises intrusions and proximal structures and hydrothermal systems

Extends over 3km N-S

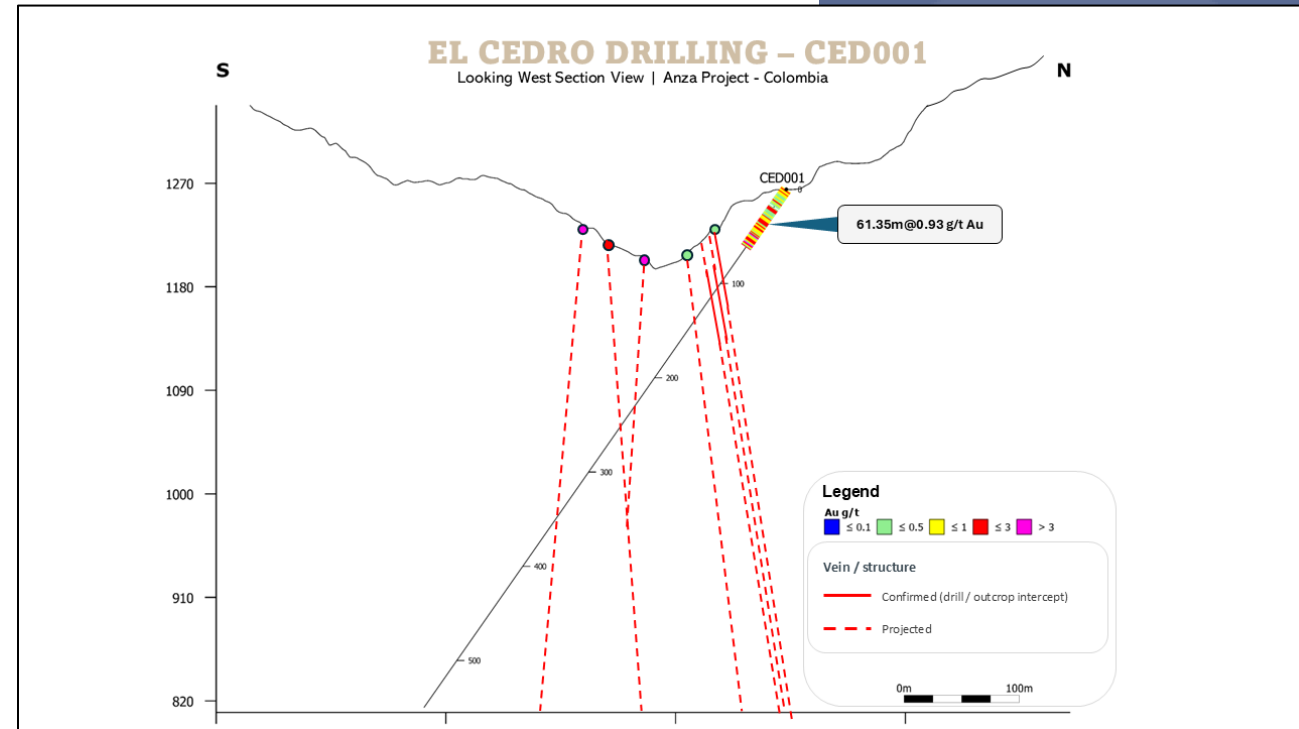

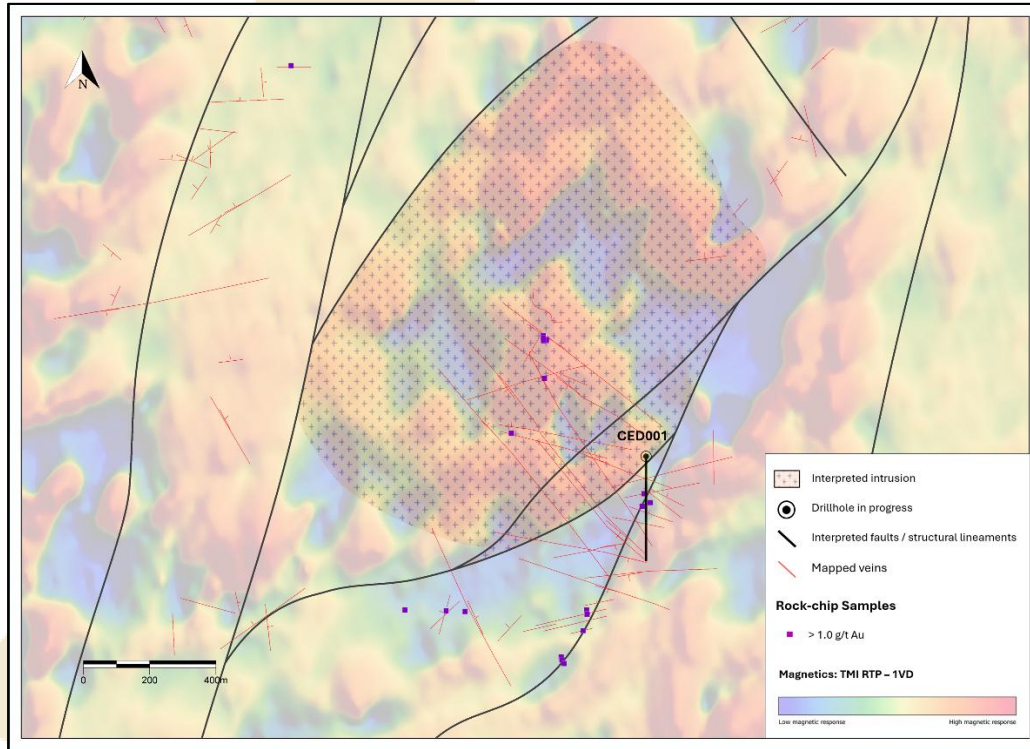

El Yarumo hydrothermal system
1.5km North of El Cedro.

High grade veins, up to 10g/t Au and 2% Cu.

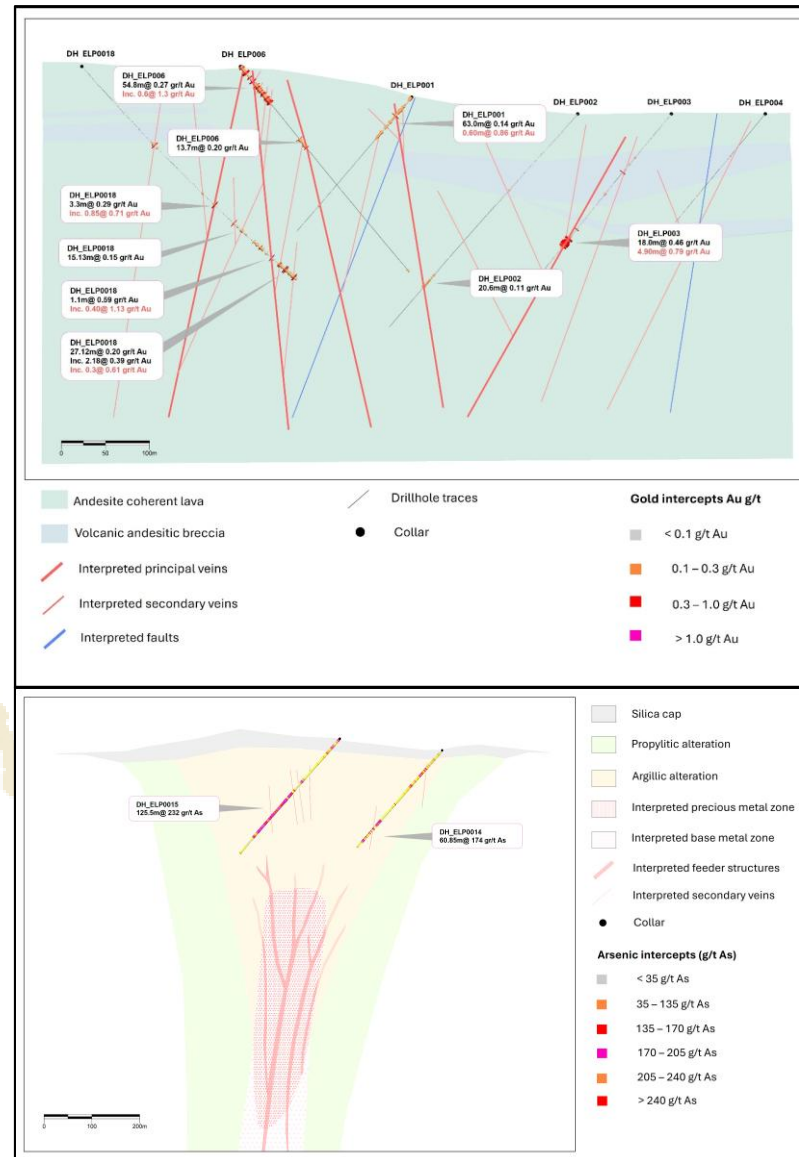

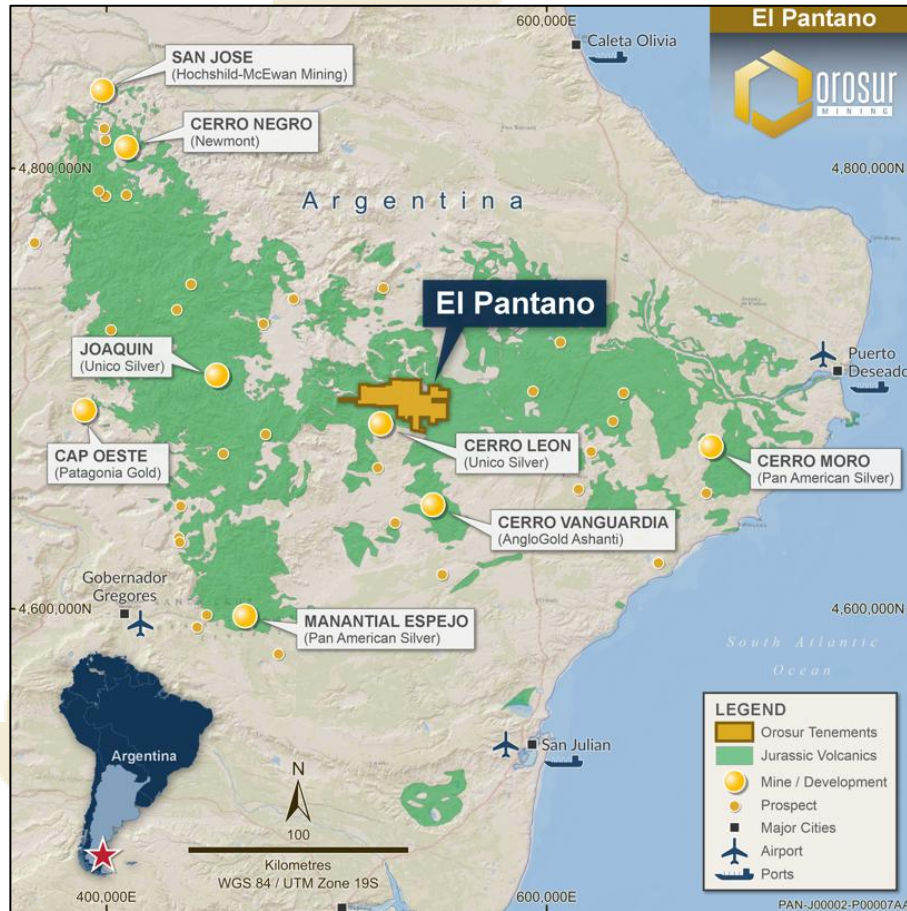

Mapping and sampling underway to expand and define drill targets.

El Cedro - first results

El Pantano - Argentina

Deseado Massif -prolific gold and silver province.

Cerro Negro exploration model.

Earned 100% with trailing NSR to vendors.

One of the largest land packages in the region.

First drilling campaign concluded

Major mineral system identified.

Plans for next phase being developed

Thank You
